I. INTRODUCTION

The Company is a state-owned enterprise in the form of limited liability company with the status of a public company, established and conducting its business activities in Indonesia. The Company's name has officially changed to Perusahaan Perseroan (Persero) PT Telekomunikasi Indonesia which previously had the name Perusahaan Umum Telekomunikasi Indonesia in 1991. The Company is engaged in the provision of mobile telecommunications networks and services, which has four main segments namely mobile, consumer, enterprise, and wholesale & international business. In 2015, the Company launched one of its main products in the consumer segment, under the brand IndiHome. IndiHome Business Segment provides among others, fixed voice, fixed broadband, IPTV and digital services to customers with high-speed internet connectivity.

To maintain the competitiveness and advantage of the Company in facing business competition in the Indonesian telecommunications sector and to improve the quality of services provided to customers, the Company plans to merge its fixed broadband and mobile broadband (cellular) services into a single business entity by separating the IndiHome Business Segment to the Company's subsidiary entity, namely Telkomsel.

In addition, the Spin-Off of the IndiHome Business Segment to Telkomsel is also expected to accelerate the process of providing broadband services to the public throughout all regions of Indonesia.

The Spin-Off that will be carried out by the Company is a partial spin-off as referred to in Article 135 paragraph (1) letter b and paragraph (3) of the Company Law, which after the spin-off is effective, it will result in a portion of the assets and liabilities of the Company being transferred by operation of law to 1 (one) or more company or companies that receive the transfer, and the company who participate in the spin-off remains exist.

The Spin-Off is done based on the agreed valuation of IndiHome Business Segment of Rp 58,249,920,571,200 (fifty eight trillion two hundred forty nine billion nine hundred twenty million five hundred seventy one thousand two hundred Indonesian Rupiah) and the agreed valuation of Telkomsel of Rp 319,359,999,960,480 (three hundred nineteen trillion three hundred fifty nine billion nine hundred ninety nine million nine hundred sixty thousand four hundred eighty Indonesian Rupiah). In parallel with the Spin-Off, Singtel decides to participate in the capital injection by injecting a cash deposit to Telkomsel using the same Telkomsel valuation used at the time of the Spin-Off in the amount of Rp 2,713,081,886,064,- (two trillion seven hundred thirteen billion eighty one million eight hundred eighty six thousand sixty four Indonesian Rupiah)., Therefore, the Company's ownership in Telkomsel after the Spin-Off Effective Date become 69.9% (sixty nine point nine percent) and Singtel's ownership in Telkomsel become 30.1% ((thirty point one percent).

Regarding the increase in the Company's ownership of Telkomsel shares, with the pro forma composition of Telkomsel share ownership, is as follows:

A. Before Spin-Off Plan

Shareholders	Total Shares	%
Company	118,677	65.00
Singtel	63,893	35.00
Total	182,570	100.00

B. After Spin-Off Plan

Shareholders	Total Shares	%
Company	151,977	69.90
Singtel	65,444	30.10
Total	217,421	100.00

As part of the Spin-Off to be carried out by the Company, the Company and Telkomsel will conduct Related Transactions in the form of the provision of infrastructure, devices, professional services, and supporting network capacity, as well as the provision of fixed broadband core and IT system services from the Company

in order to support future operational activities of IndiHome Business Segment and provide transition services until Telkomsel can operate IndiHome Business Segment independently.

Considering that the Spin-Off is carried out with the Company's Controlled Company, namely Telkomsel, which is as of the date of this Spin-Off Plan and Disclosure of Information, the Company's share ownership in Telkomsel is 65% (sixty five percent) and the value of the Proposed Transaction, which consist of the valuation of IndiHome Business Segment that is agreed at Rp 58,249,920,571,200 (fifty eight trillion two hundred forty nine billion nine hundred twenty million five hundred seventy one thousand two hundred Indonesian Rupiah) and the value of WSA of Rp 18,747,341,007,230 (eighteen trillion seven hundred forty seven billion three hundred forty one million seven thousand two hundred thirty Indonesian Rupiah) the value of TSA-1 of Rp 495,971,226,790 (four hundred ninety five billion nine hundred seventy one million two hundred twenty six thousand seven hundred ninety Indonesian Rupiah) and the value of TSA-2 of Rp 489,264,960,646 (four hundred eighty nine billion two hundred sixty four million nine hundred sixty thousand six hundred forty six Indonesian Rupiah), which in overall is estimated to be greater than 50% of the Company's equity based on the Financial Statement December 31, 2022, therefore, in accordance with the definition and value limitation of Material Transaction on POJK 17/2020, this Proposed Transaction is a Material Transaction that contains Affiliated Transaction for the Company thus requiring approval from Independent Shareholders in the GMS based on Article 6 paragraph (1) letter (d) and Article 14 POJK 17/2020 and Article 4 paragraph (1) letter (d) POJK 42/2020.

III. REASONS, EXPLANATIONS, AND BENEFITS OF CONDUCTING THE PROPOSED TRANSACTION

A. REASONS AND EXPLANATIONS OF CONDUCTING THE PROPOSED TRANSACTION

Currently, Telkom's business activities continue to grow and expand, especially in the field of telecommunications and information technology industries which follow the development of information technology, networks, and digitalization. In line with the transformation to become a digital telco, Telkom has set its focus on three pillars of business domains, namely digital connectivity, digital platforms, and digital services. This transformation aims to make Telkom's organization more lean and agile in addressing rapid changes in the telecommunications and information technology industries, which will improve efficiency and effectively enhance customer experience. As other telecommunications operators have done, such as Telstra and Telefonica, Telkom is seeking alternatives to create and utilize value from its assets and businesses, including broadband business.

Mobile or fixed-only operators globally are deploying a fixed mobile convergence strategy, capturing significant synergies and providing a seamless experience for their customer. To maximize value and address challenges in the telecommunications industry, Telkom plans to integrate its mobile and broadband businesses to provide the best broadband offering with cost efficiency to customers. In addition, Telkom can also produce new generation telecommunications services (modernization) that can improve customer loyalty and length of stay and accelerate the process of equalizing broadband services for people throughout all regions of Indonesia.

B. BENEFITS OF CONDUCTING THE PROPOSED TRANSACTION

The Proposed Transaction is expected to provide a number of benefits as follows:

1. For Telkom:
 - a. Potential efficiency from fixed & mobile broadband network collaboration;
 - b. Strengthening Telkom Group's positioning as a market leader in digital telco;
 - c. Improving company performance;
 - d. More adaptable to industry dynamics.
2. For customers:
 - a. Improved service with seamless experience;
 - b. Easier and more equitable access to digital services, leading to increased productivity;
 - c. Prioritizing value for money.
3. For the Government:
 - a. Supporting the growth of the company which has the potential to increase government revenue from taxes/, dividends, and state non-tax revenue;
 - b. Increasing the company's valuation;
 - c. Promoting higher levels of digital adoption;
 - d. Accelerating home broadband penetration.

4. For the industry:
 - a. Greater industry efficiency and productivity;
 - b. Making the industry more attractive and competitive.

IV. EXPLANATION, CONSIDERATION, AND REASONING BEHIND TRANSACTION WITH AFFILIATED PARTY

A. NATURE OF AFFILIATED RELATIONSHIP

Telkomsel is a Controlled Company of the Company with a percentage of Company's ownership in Telkomsel, as of the date of this Spin-Off Plan and Disclosure of Information, of 65% (sixty-five percent) of Telkomsel's total issued and paid-up capital.

B. EXPLANATION, CONSIDERATION, AND REASONING BEHIND AFFILIATED TRANSACTIONS COMPARED TO OTHER SIMILAR TRANSACTIONS NOT CONDUCTED WITH THE AFFILIATED PARTY

This Proposed Transaction is carried out with an affiliated party considering that Telkomsel is a Controlled Company that is directly owned and controlled by the Company and will remain owned and controlled by the Company after the completion of the Proposed Transaction. This Proposed Transaction will mutually benefit the IndiHome Business Segment and Telkomsel in strengthening market penetration efforts and providing services to meet the needs of the community. In addition, in carrying out its business activities, the Company and Telkomsel understand and share an aligned business vision, so that this Proposed Transaction is expected to have a positive impact on the Indihome Business Segment, Telkomsel, and the Company. On the other hand, if this Spin-Off is carried out with a party that is not affiliated, it may potentially result in the Company losing control and management over the spun-off IndiHome Business Segment and the failure to realize the expected synergy potential for the Indihome Business Segment and the other unaffiliated entity.

VI. TRANSFER OF COMPANY'S ASSETS AND LIABILITIES RELATED TO INDIHOME BUSINESS SEGMENT TO TELKOMSEL

A. INFORMATION ON INDIHOME BUSINESS SEGMENT

One of the four main business segments of the Company is the IndiHome Business Segment, which provides fixed voice, fixed broadband, IPTV and digital services with high speed internet connectivity. The IndiHome Business Segment was launched in 2015 after the Company became the first operator in Indonesia to provide 4G LTE services. The IndiHome Business Segment, which is part of the consumer business segment, leads the fixed broadband market in the country, possessing 75.2% (seventy five point two percent) of market share. At the end of 2022, the number of IndiHome Business Segment customers reached 9.2 million, and as a result, the consumer segment revenue increased significantly by 5.7% (five point seven percent) to Rp 26.55 trillion, making a significant contribution to the Company's consolidated revenue growth.

The Spin-Off is done based on the agreed valuation of IndiHome Business Segment of Rp 58,249,920,571,200 (fifty eight trillion two hundred forty nine billion nine hundred twenty million five hundred seventy one thousand two hundred Indonesian Rupiah) and the agreed valuation of Telkomsel of Rp 319,359,999,960,480 (three hundred nineteen trillion three hundred fifty nine billion nine hundred ninety nine million nine hundred sixty thousand four hundred eighty Indonesian Rupiah). In parallel with the Spin-Off, Singtel decides to participate in the capital injection by injecting a cash deposit to Telkomsel using the same Telkomsel valuation used at the time of the Spin-Off, which is Rp 2,713,081,886,064,- (two trillion seven hundred thirteen billion eighty one million eight hundred eighty six thousand six hundred four Indonesian Rupiah). Therefore, the Company's ownership in Telkomsel after the Spin-Off Effective Date become 69.9% (sixty nine point nine percent) and Singtel's ownership in Telkomsel become 30.1% (thirty point one percent).

The table below shows the financial statements and profit and loss statements of IndiHome that ended on December 31, 2020, December 31, 2021, and December 31, 2022, which have been prepared by KAP Purwantono Sungkoro & Surja.

Below is a summary of the valuation report on the object of the Proposed Transaction as outlined in the Business Valuation Report of IndiHome dated April 4, 2023.

1. Party Identity

Please refer to section II.C for information on the Company’s identity.

2. Valuation Object

The valuation object is the IndiHome Business Segment as of December 31, 2022.

3. Purpose and Objective of Valuation

The purpose of this valuation is to estimate the market value of the IndiHome Business Segment in relation to the Proposed Transaction, as described in the valuation report, in order to comply with the OJK Capital Market regulations, not for taxation, banking, and not for other forms of transaction plans.

The objective of the valuation is to conduct a business valuation for the purpose of transactions in a public company.

4. Assumptions and Limiting Conditions

Assumptions

This Valuation Report is a *non-disclaimer opinion* based on a review of the documents used in the valuation process, data and information obtained from the Company’s management, and other reliable sources.

This Valuation report is prepared using financial projections prepared by the Company’s management, reflecting the fairness of the projections and their ability to be achieved (*fiduciary duty*).

KJPP RSR is responsible for conducting an analysis and appraising the financial projections prepared by the Company’s management. KJPP RSR is responsible for the opinions generated in the valuation report.

The valuation report is open to the public, except for confidential information that may affect the Company's operations.

KJPP RSR has obtained information on the legal status of the valuation object from the Company.

Limiting Conditions

Considering that the IndiHome Business Segment is part of the Company, the IndiHome Business Segment does not have a separate audited financial statement. Therefore, in conducting historical analysis, KJPP RSR relies on the working papers prepared by the Company for the period ending December 31, 2020 – December 31, 2022, which were reviewed by KAP Purwantono Sungkoro & Surja using SAE 3000 accounting standards.

This Business Valuation Report is open to the public; however, the publication of all or part of the report must be approved by the Company's management, given the possibility of confidential information that may affect competition and the Company's operations.

5. Valuation Approach and Method

Based on the analysis conducted, the IndiHome Business Segment has good business prospects, where revenue factors are one of the main drivers of the Company's value. Therefore, the valuation is conducted using the income approach as the primary valuation approach. Considering that the IndiHome Business Segment is an ongoing business and information related to comparable companies for similar businesses is available, KJPP RSR applies the market approach as the second valuation approach.

KJPP RSR does not apply the asset approach in this valuation, considering that most of the fixed assets needed to support the IndiHome Business Segment are not transferred and are still managed by the Company.

The approach and valuation method mentioned above are considered by KJPP RSR as the most appropriate to be applied in this assignment.

6. Conclusion of Value

The Market Value of IndiHome Business Segment as of December 31, 2022, using the income and market approach, is **IDR 58,165,000,000,000**.

B. VALUATION OF PT TELEKOMUNIKASI SELULAR'S SHARES

KJPP RSR as the independent appraiser to conduct business and stock valuation and provide an opinion on the fairness of the Company's Proposed Transaction.

The following is a summary of the valuation report on the object of the Proposed Transaction as set forth in the Share Valuation Report of PT Telekomunikasi Selular and Subsidiaries dated April 5, 2023.

1. Party Identity

Please refer to section II.C for identity information of the Company and Telkomsel.

2. Valuation Object

The object of this Valuation is 100% Shares of Telkomsel and Subsidiaries.

3. Purpose and Objective of Valuation

The purpose of this valuation is to estimate the market value of 100% Shares of Telkomsel and Subsidiaries as of December 31, 2022 in connection with the Proposed Transaction, as described in the valuation report in order to fulfill the provisions of OJK Capital Market regulations, not for taxation, banking and not for other forms of transaction plans.

4. Assumptions and Limiting Conditions

Assumptions

This valuation report is a non-disclaimer opinion based on the review of documents referred in the valuation process, data and information obtained from the Company's, Telkomsel's management and other sources that can be trusted.

This valuation report is prepared using financial projections prepared by Company's and Telkomsel's management by reflecting the fairness of the projections and their achievability (fiduciary duty).

KJPP RSR is responsible for the implementation of analysis, assessment of financial projections prepared by Company's and Telkomsel's management. KJPP RSR is responsible for the opinion generated in the valuation report.

The valuation report is open to the public, unless there is confidential information that may affect the operations of the Company and Telkomsel.

KJPP RSR has obtained information on the legal status of the object of valuation from the Company.

Special Assumptions

Based on the information from the Company's management through a statement letter on the amount of TSEL dividend distribution for the 2022 fiscal year No. Tel.48/UM 000/COP-K0000000/2023 dated April 5, 2023, Telkom and Singtel plan to withdraw dividends from TSEL before the Transaction. The dividend distributed is a dividend on net income after taxes for the TSEL fiscal year that has been normalized at Rp21,166,836,013,177. In the statement letter, the dividend to be distributed is Rp20,108,494,212,518 or 95% of the net income adjusted after taxes for the TSEL fiscal year.

This dividend distribution plan will affect the 100% Market Value of TSEL Shares and its Subsidiaries. Therefore, this valuation is done using the assumptions mentioned above..

Limiting Conditions

Considering that the audited financial statements for Telkomsel's subsidiaries for the period ended December 31, 2022 are not available, therefore in analyzing the historical of Telkomsel's subsidiaries, KJPP RSR have relied on internal financial statements prepared by the respective management of each Telkomsel's subsidiary.

Additionally, KJPP RSR have not evaluated Telkomsel's investments in Bridge Mobile Alliance and PT Telkomsel Mitra Inovasi ("**TMI**"), collectively referred to as "Unvalued Objects", due to the unavailability of financial statements for the Unvalued Objects as of the valuation date. Therefore, KJPP RSR have used the book value of the Unvalued Objects in the valuation of Telkomsel's and its subsidiaries' shares.

5. This Valuation Report is open to the public, but the publication of all or parts of the report must be approved by the Company's management, considering the possibility of confidential information that may affect the Company's competition and operations. Approach and Method of Valuation

To determine the market value of 100% shares of Telkomsel and Subsidiaries, KJPP RSR uses the Sum of The Parts (SOTP) method so that it is necessary to first estimate the indicative market value of Telkomsel as a standalone and the indicative market value of each subsidiary as of December 31, 2022.

- a. In estimating the market value of Telkomsel on a standalone basis, KJPP RSR applied the Discounted Cash Flow (**DCF**) method with Free Cash Flow to Firm (**FCFF**) and market approach with Guideline Publicly Traded Company Method (**GPTCM**).
- b. In estimating the standlone market value of Indico on standalone basis, KJPP RSR applied the the Adjusted Net Assets Method (**ANAM**).

- c. In estimating the market value of Indico's subsidiaries, namely Fita, Kunci and MajaMojo, KJPP RSR applied the Discounted Cash Flow (DCF) method with Free Cash Flow to Firm (**FCFF**) and market approach with Guideline Publicly Traded Company Method (**GPTCM**).
 - d. In estimating the market value of Finarya as a standalone and its subsidiary iGrow, KJPP RSR applied the Discounted Cash Flow (DCF) method with Free Cash Flow to Firm (**FCFF**) and market approach with Guideline Publicly Traded Company Method (**GPTCM**).
 - e. In estimating the market value of TMI, KJPP RSR uses the Adjusted Net Assets Method (**ANAM**).
6. Conclusion of Value

The Market Value of 100% Shares of Telkomsel and Subsidiaries as of December 31, 2022 by applying the SOTP method and Special Assumption is **IDR 320,479,000,000,000**.

3. Objective and Purpose of the Valuation

The purpose of the Fairness Opinion Report is to provide an opinion on the fairness of the Company's plan to separate the IndiHome Business Segment from the Company to Telkomsel which will be followed up with Related Transactions in the form of providing infrastructure, devices, professional services and supporting network capacity as well as providing fixed broadband core and IT system services from the Company to Telkomsel, as defined in the report in order to fulfill the provisions of OJK Capital Market regulations, not for taxation, banking and not for other forms of transaction plans.

4. Limiting Conditions and Key Assumptions

The Fairness Opinion Report is a non-disclaimer opinion, KJPP RSR has reviewed the documents used in the process of preparing the fairness opinion, data and information obtained from both the Company's management and other sources that can be trusted for accuracy.

The Fairness Opinion Report is prepared using Financial Projections prepared by the Company's management by reflecting the fairness of the projections and their achievability (fiduciary duty).

KJPP RSR is responsible for analyzing the fairness of financial projections prepared by the Company's management. KJPP RSR is responsible for the opinion generated in the Fairness Opinion Report.

The Fairness Opinion Report is open to the public, unless there is confidential information that may affect the Company's operations.

KJPP RSR has obtained information on the legal status of the Fairness Opinion object from the Company.

5. Approach and Method of Valuation

- a. Transaction analysis: identification of the parties involved in the transaction, analysis of the terms and conditions of the agreements and analysis of the benefits and risks of the transaction;
- b. Qualitative analysis: analysis of the background of the transaction, brief description of the Company and its business activities, industry analysis, operational analysis, business prospects, benefits and disadvantages of the transaction;
- c. Quantitative analysis: historical performance analysis, financial projection analysis, pro forma financial statement analysis and incremental analysis;
- d. Analysis of other relevant factors, in the form of analysis of relevant costs and revenues, relevant non-financial information, decision-making procedures by the Company and other material matters that can provide confidence in providing a fairness opinion;
- e. Analysis of the fairness of the transaction price;

6. Analysis on Fairness

- a. Financial highlight of the company based on the Company's Consolidated Financial Statements for the years ended December 31, 2017-December 31, 2022, which have been audited by KAP Purwantono, Sungkoro & Surja with an unqualified opinion in all material respects. The Company and its Subsidiaries' revenue during 2018-2022 experienced an increase of 3.02% in Compound Annual Growth Rate (CAGR). The Company's consolidated operating, maintenance, and telecommunication expenses experienced a fluctuating decrease of 3.37% in CAGR. The Company's consolidated EBITDA experienced a fluctuating increase of 7.49% in CAGR. The Company's consolidated net income experienced a fluctuating increase of 0.64% in CAGR. The Company's consolidated total assets during 2018-2022 experienced a fluctuating increase of 7.48% in CAGR. The Company's consolidated total liabilities during 2018-2022 experienced a fluctuating increase of 9.10% in CAGR, while the Company's consolidated total equity during 2018-2022 experienced a fluctuating increase of 6.21% in CAGR.
- b. Financial Projection Analysis of the Company with and without the Transaction Plan for the period of 2023-2027: With the implementation of the Transaction Plan, the Company's revenue is projected to increase, where at the end of the projection period, in 2027, the revenue with the Transaction Plan is projected to be IDR 191.59 trillion and without the Transaction Plan is projected to be IDR 189.20 trillion. The increase is due to commercial synergy, as well as additional revenue resulting from the refocusing of the Company to the B2B segment and Telkomsel to the B2C segment. The Company's expenses and costs are projected to decrease, where at the end of the projection period, in 2027, the Company's expenses and costs with the Transaction Plan are projected to be IDR 92.96 trillion and without the Transaction Plan is projected to be IDR 93.58 trillion. The decrease in the Company's expenses and costs is due to cost efficiency between Telkomsel and Indihome. Cost efficiency occurs due to the unification of marketing and sales campaigns, call center integration, optimization of information technology applications, potential increase in CDN capacity, and joint asset utilization. With the implementation of the Transaction Plan, the Company's net profit during the period of 2023-2027 is projected to increase. In line with the benefits that the Company will obtain from the transaction, the increase in the Company's net profit comes from the increase in revenue and cost efficiency of the Company. With the implementation of the Transaction Plan, the total assets as a whole are projected to be lower compared to without implementing the Transaction Plan, which is from IDR 341.75 trillion to IDR 338.82 trillion by implementing the Transaction Plan in 2027, some of which come from the decrease in the Company's fixed assets. With the implementation of the Transaction Plan, the total liabilities as a whole are projected to be lower compared to without implementing the Transaction Plan, which is from IDR 126.57 trillion to IDR 117.31 trillion in 2027, some of which come from the decrease in long-term loans and trade payables of the Company.

With the implementation of the Transaction Plan, the total equity of the Company during the period of 2023-2027 is projected to increase due to retained earnings and the increasing non-controlling interests of the Company, which come from the increase in the Company's net profit. At the end of the projection period, in 2027, with the implementation of the Transaction Plan, it is projected to be IDR 221.52 trillion, and without the Transaction Plan, it is projected to be IDR 215.17 trillion.

- c. Fairness analysis of the transaction price was conducted on: i) comparison of the Separation Plan Price to the market value of Indihome Business Segment as of December 31, 2022; ii) comparison of the Planned Share Increase Price to the market value of Telkomsel shares; iii) comparison of SingTel's cash injection to the market value of Telkomsel shares; iv) comparison of the market value of Indihome Business Segment as of December 31, 2022 to the market value of the Company's increased shares in Telkomsel. Based on the comparison of the Independent Valuer's market value of the Indihome Business Segment and Telkomsel's market value to the Transaction Plan Price, the transaction is fair since the Company's transaction price is within the upper limit of fairness range of 7.5% of market value as stipulated in POJK 35 Article 48, b.

7. Conclusion of Valuation

By considering the fairness analysis of the transaction which includes analysis of the transaction plan, qualitative analysis and quantitative analysis, analysis of the fairness of the transaction price and other relevant factors, in the opinion of KJPP RSR, this transaction is **Fair**.

VIII. PLANS FOR MANAGEMENT AND EMPLOYEES

the Spin-Off of IndiHome Business Segment to Telkomsel shall still be carried out with due regard to the rights and obligations and status of the Company's employees in IndiHome Business Segment based on the applicable laws in Indonesia and regulations and the Company's internal policies, including on the transfer or secondment of employees from the Company to Telkomsel as well as arrangements related to the scope, procedures and rights and obligations of the Company and Telkomsel in connection with the transfer of employees.

The announcement regarding the implementation of the Spin-Off has been delivered in writing to all employees of the Company on April 6, 2023.

IX. SETTLEMENT OF RIGHTS AND OBLIGATIONS TO CREDITORS

In accordance with the prevailing laws and regulations in Indonesia, the Company has announced the Summary of Spin-Off Plan and Disclosure of Information in Harian Terbit published on April 6, 2023, which date does not exceed 30 (thirty) days prior to the notice of the Company's GMS.

If within a period of no later than 14 (fourteen) days after the announcement in the newspaper mentioned above there are no creditors of the Company who object or disagree to this Spin-Off plan, then in accordance with the provisions of Article 127 Paragraph (5) of the Company Law, the creditors shall be deemed to have accepted and approved the implementation of this Spin-Off.

If there are creditors who do not agree to this Spin-Off plan, the Company will prepare or conduct re-negotiations (if possible) to the extent that it complies with the provisions of the prevailing laws and regulations.

If after such negotiation, the creditors still decide not to approve this Spin-Off and will withdraw their loan funds and/or request the repayment of receivables, the Company will handle and resolve the matter.

X. NOTIFICATION TO CUSTOMERS

In accordance with the prevailing laws and regulations in Indonesia, assets and liabilities relating to IndiHome Business Segment, including some of the agreements or contracts with third parties which have been signed by the Company in respect with the IndiHome Business Segment, shall be automatically transferred by operation of law to Telkomsel after the Spin-Off becomes effective, which is on July 1, 2023. This also includes contracts with IndiHome Business Segment customers.

Therefore, as per July 1, 2023, Telkomsel will become the provider of IndiHome services that will be more integrated, become the party to the contract with the customers of IndiHome Business Segment, and become the controller of IndiHome Business Segment customers' personal data. This notification to customers is also made to fulfill the provision of Article 48 (1) Law Number 27 of 2022 on Personal Data Protection.

During this integration process, customers may continue to enjoy IndiHome services without having to change their device or system configurations. It can also be ensured that there will be no immediate impact on all IndiHome services and they will continue to run without connection disruption or any additional charges in respect with this Spin-Off.

As per July 1, 2023, because Telkomsel will become the provider of IndiHome services, all communication, inquiries, comments, and complaints submitted by IndiHome Business Segment customers should be addressed to Telkomsel.

XI. SETTLEMENT OF THE MINORITY SHAREHOLDERS RIGHTS

If there are shareholders who do not agree with the Spin-Off plan, it shall be resolved in accordance with the prevailing Company Law's provisions.

Further information on this matter can be accessed on the Company's website at www.telkom.co.id as of the date of the GMS.
